

# Corporate Sponsorship Package

## About Us

We are a team of students from Stevens Institute of Technology dedicated to developing pro bono software solutions for nonprofit organizations. At Blueprint, we strive to make technology accessible and impactful for those who strengthen communities and promote public welfare.

## Our Mission

Stevens Blueprint's mission is to unite people by creating industry-level software solutions for nonprofit organizations, driving lasting impact for both the organizations and the communities they serve.

## Our Impact

- 60+ volunteers, 127 active members
- 2 active project teams
- 7 Non-Profit projects completed
- 5000+ total volunteer hours
- 2 Open-Source packages with 1000+ installations

Blueprint Executive Team 2025-2026

# Why Sponsor Us?

## Talent Pipeline

- Early access to passionate, experienced student developers, PMs, and UI/UX designers.
- Students architect and develop industry grade software systems in Python, Java, Typescript

## High Visibility Partnerships

- Opportunities for recruiting events or tech workshops
- Feature your company logo on social media, event materials, and project showcases

## Social Impact & Recognition

- Demonstrate your company's commitment to technology for good
- Co-brand with projects that directly support non-profit organizations

## Our Sponsorship Tiers

### Marketing

Boost your brand visibility among top tech talent at Stevens. This tier is designed for organizations looking to increase their presence, drive engagement, and integrate their products into real student projects.

**\$1,500/yr**

#### What's included?

- ✓ Prominent logo placement across Blueprint's social media, recruitment materials, and event signage
- ✓ Product placement opportunities – Blueprint members actively use and promote your products/tools in their projects

### Recruitment

Connect directly with top student innovators and future tech leaders. This tier is ideal for companies seeking to recruit, mentor, or collaborate with highly skilled students through Blueprint's network.

**\$2,500/yr**

#### What's included?

- ✓ Exclusive access to student resumes and project team talent
- ✓ Host recruiting events [tech talks, info sessions, or workshops]
- ✓ Personalized introductions to relevant project teams

### Partner

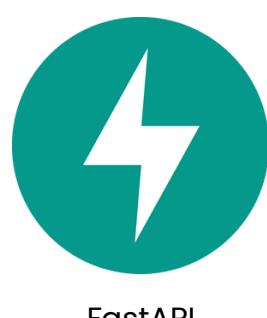

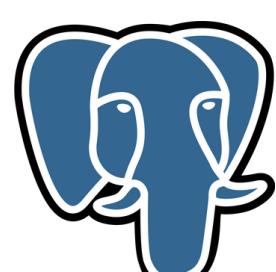

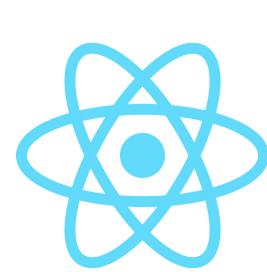

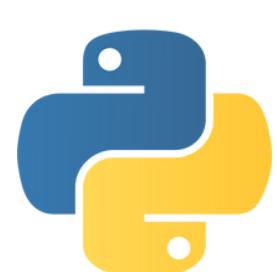

Position yourself at the center of Blueprint's innovation ecosystem. This premier tier is for organizations looking to maximize brand impact and recruiting opportunities by fully engaging with our community of student builders.

**\$3,500/yr**

#### What's included?

- ✓ All Marketing and Recruitment Tier benefits
- ✓ Featured partner status at Blueprint's annual showcase and major events
- ✓ Priority branding on all promotional materials

## Our Tech Stack

## Sponsorship Use

- Cloud infrastructure and hosting services for development [AWS]
- Premium development tools to enhance our capabilities
- Educational workshops and training for our student developers
  - Training Tech Team Sessions
  - Workshops on Industry Roles

# Testimonials

"My experience working with the Blueprint team at Stevens was phenomenal. The task at hand was to develop a matching algorithm that would streamline the matching process for our signature, Kin Mentorship Program. Blueprint was able to develop a tailored algorithm that effectively matched our 200 mentees and 200 mentors based on ranking, industry, and mentorship style preferences. Our previous matching process was completely manual, taking days to complete. Blueprint revolutionized our matching process to create exceptional mentor-mentee matches, nearly instantaneously."

Kevin Ha, Executive Director of Asian American Dream

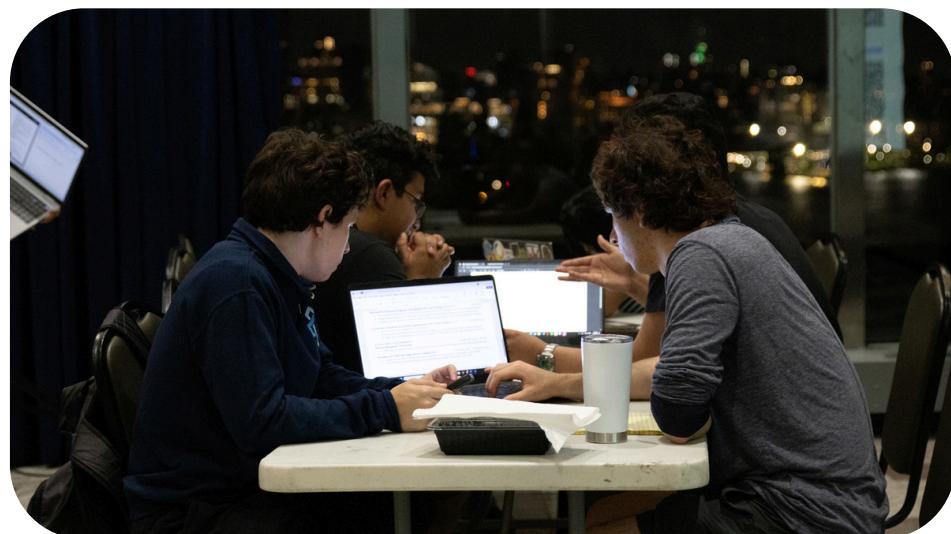

"Partnering with the Stevens Blueprint team to transform our organization's homesite from WordPress to Next.js was a great experience. Their expertise and dedication resulted in a modern, user-friendly website with a streamlined backend CMS. This upgrade will empower our staff and volunteers to easily manage updates, ensuring our homesite stays relevant and impactful for years to come."

Jamie Sgarro, Executive Director of Inreach
